Condensed interim financial information for the nine months ended September 30, 2023

NESTLÉ PAKISTAN LIMITED

DIRECTORS' REVIEW

The Directors of Nestlé Pakistan Limited (the "Company") are pleased to submit the interim report, along with the condensed interim financial statements of the Company for the nine-month period ended September 30, 2023.

Business Performance Review:

During the nine-month period ended September 30, 2023, sales recorded growth of 24.9% compared to the same period last year, increasing from PKR 120,978 million to PKR 151,153 million. This increase in sales can be attributed to broad-based growth across the Company's products and demand generating activities. The Company's operating profit also improved through the localization of raw and packaging materials, an increase in exports, a favorable product mix, and tighter control on fixed expenses.

The financial performance for the nine-month period is summarized below:

	Jan – Sep 2023 PKR Million	Jan – Sep 2022 PKR Million	Change
Sales	151,153	120,978	24.9%
Gross Profit	49,680	37,822	31.3%
% of sales	32.9%	31.3%	
Operating Profit	29,633	21,586	37.3%
% of sales	19.6%	17.8%	
Net Profit after tax	15,791	11,386	38.7%
% of sales	10.4%	9.4%	
Earnings per share	348.21	251.07	38.7%

Future Outlook:

While the Pakistani rupee has shown some signs of recovery, we anticipate that external challenges such as high inflation, increased commodity prices, higher taxation, and limited foreign exchange availability for imports will continue to persist for the rest of the year. These factors may adversely impact consumption as a result of significant pressure on consumers' disposable income.

Despite these challenges, we are maintaining a cautiously optimistic view of the year ahead. The Company's efforts will focus on accelerating our exports to remain resilient and contribute to the national economy, while continuing to delight our consumers with quality products.
